

## COMPETITION REPORT

2<sup>nd</sup> May 2010

The Rockingham Offshore Fishing Club fished its eighth competition for the season this Sunday the 2<sup>nd</sup> May, in conditions that are best described as poor weather and a 3 metre swell.

There were 8 boats and 19 members vying for the prizes on offer, and the fishing was very quiet with some boats not presenting any fish at all, while others only weighed in 1 or 2 species out of a possible 17 targeted species.

There was no one species that really dominated the catch bags this month, although the Herring was the most presented fish of the day. Surprisingly there were no Sand Whiting, Skippy, Queen Snapper or King Georg Whiting presented this month. In past competitions these species have dominated the catch bags and it goes to show that fishing is a very unpredictable sport that can be affected greatly by weather and tides.

Prize winners for the day were:

Darrell Baldock of Seville Grove won the most species prize of \$50.00

Manny Paraskevas of Wellard won \$50.00 for the heaviest Dhu fish

Scott Heap of Port Kennedy won \$50.00 for the heaviest Herring

Jason Ramshaw of Secret Harbour won \$50.00 for the heaviest Breaksea Cod

Jarrad Cochran of Secret Harbour won \$50.00 for the heaviest Baldchin Grouper.

Darren Cooper of Seville Grove won \$50.00 for the heaviest Leatherjacket.
